carbohydrate derivative metabolic process
 carbohydrate metabolic process
 catabolic process
 cell cycle
 cell differentiation
 component organization
 developmental process
 DNA metabolic process
 establishment of localization
 immune system process
 protein metabolic process
 response to stimulus
 RNA metabolic process
 signaling
 carbohydrate binding
 carbohydrate derivative binding
 catalytic activity
 cytoskeletal protein binding
 DNA binding
 enzyme regulator activity
 signaling receptor activity
 signaling receptor binding
 small molecule binding
 transporter activity
 cell junction
 cytoplasmic vesicle
 cytoskeleton
 endosome
 nucleus
 protein-containing complex
